Decision & Statement

SmartHead contributes to Sustainable Development by providing online tools required to make companies' sustainability journey easier. Through effective measuring, reporting, and transparency SmartHead optimizes the company's performance.

SmartHead has chosen to integrate sustainability and in particular the Sustainable Development Goals into its business strategy and business model. It is thus clear that management prioritizes sustainability work and believes that it is an important factor in the company's continued development.

SmartHead has described its value chain, stakeholder analysis and performed a materiality assessment based on selected goals and sub-targets from the Sustainable Development Goals. SmartHead considers and works actively with the principles of corporate social responsibility both internally with the employees and externally with customers and other priority stakeholders. This work is based on the seven principles of ISO26000.

There is clear management and division of responsibilities in the business. A high degree of transparency prevails and good business ethical conduct can be discerned throughout the business.

Verify Agency has verified all levels and activities that the organization states in the self-declaration. Verify Agency has performed the verification through interviews with the organization's staff and by sampling the documentation that the organization refers to in the self-declaration and in the management of its sustainability work, such as policies, business routines, meeting planning, analyses, assessments, minutes, surveys, communication efforts.

Verify Agency has interviewed top management and key people linked to priority areas of responsibility within SS-EN ISO 26000:2021. SmartHead meets the requirements of SIS / TS2:2021.

Terms and Conditions

This statement must be renewed within twelve months from the date below. The statement may be revoked before the end of the period of validity if facts have been added which show that the organization's social responsibility has decreased.

When the self-declaration is communicated publicly, this must be done together with the verification body's statement.

Decisions in this matter have been made by the CEO and decision-maker, Eva Vati, after a presentation by Lead Auditor, Johanna Richardsson.
